

Dear Store Manager:

As a loyal customer, I truly enjoy shopping at your store, but I can think of a way to make it even better – by adding the Crispy Fruit line of products! I have always been impressed by the range of products your store offers and Crispy Fruit is a snack that I would love to be able to purchase more conveniently with you, my local grocer.

Crispy Fruit snacks from Crispy Green® are 100% pure freeze-dried fruit slices that are made of real fruit and nothing else. The taste in Crispy Fruit comes from the fresh fruit itself. There is no sugar, sweeteners or other additives used to enhance the taste or appearance! Crispy Fruit is also a gluten-free snack that is Non-GMO Project Verified as well as OU Kosher Certified.

Crispy Green's premium Crispy Fruit freeze-dried fruit snacks are an all-natural snack choice for anyone who wants to live a healthier lifestyle without compromising on taste! Crispy Fruit comes in seven flavors: apple, Asian pear, banana, pineapple, mango, cantaloupe and tangerine. The ultimate 'grab-n-go' snack, Crispy Fruit is convenient, healthy and delicious!
